The great annual silk sale

An event with a national reputation

For over 65 years Lowenstein Silk Sales have been much discussed, widely known and universally recognized merchandising feats. Our preparations for this year's sale have been thorough and painstaking. The decline in textile costs, while it has given us opportunity for many fortunate buying chances, has also forced us to include in this sale our entire stock of carefully chosen, beautiful quality silks at prices which involve a heavy loss to us.

But we are determined that nothing should interfere with the uninterrupted success of this big yearly event

Bigger and better than ever—it must and shall be

It is our purpose to see that every purchaser in this sale will secure values which can not be equaled throughout 1921.

Purchases made in this sale will be charged as of January, payable February 1, 1921.

The regular salesforce has been augmented by a large and competent extra force. We will endeavor to give you service as well as values.

We will fill mail orders as long as the quantities last. However, no samples can be submitted.
